

The Flow of Funding for Wildlife Research and Management

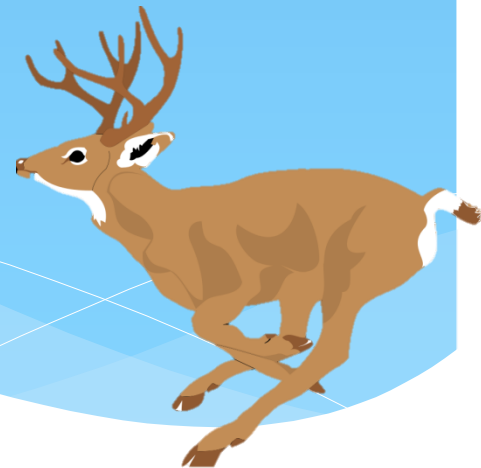

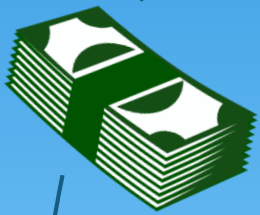

Have you wondered how your graduate research project was funded?

Do you have knowledge of the different funding sources, restrictions on those funds, and where to look for funding from interested sources?

Join us for an informative discussion designed to help graduate students and early-career natural resource professionals achieve their career goals.

Tailored to benefit you regardless if you seek a career with a government agency, NGO, academia, or other type of organization.

Speaker: Tim Hiller, Wildlife Ecology Institute

November 29th, 2016

1:00 – 2:00 pm

Thompson Hall, Room 118
